SUMMARY

I am a motivated programmer and software engineer with a strong foundation in building scalable and efficient software solutions. Proficient in multiple programming languages and software architectures, I am eager to apply my skills to develop innovative applications while continuously learning and growing in the field.

EXPERIENCE

- 04/2026 - 06/2026

Dhaka, Bangladesh

● Junior Flutter Developer

● **Softvence Agency**

Developed scalable software solutions using Flutter and Riverpod state management, implementing Clean Architecture principles across multiple applications
- 02/2025 - 07/2025

Remote

● Junior Flutter Developer

● **Nymph Solutions**

Developed scalable software solutions using Flutter and BLoC state management, implementing Clean Architecture principles across multiple applications

SKILLS

Dart	Flutter	State Management	Clean Architecture	MVC	Supabase	Firebase	FastAPI	ExpressJS
------	---------	------------------	--------------------	-----	----------	----------	---------	-----------

EDUCATION

- 07/2022 - 04/2026

● BSc in Software Engineering (Major in Cyber Security)

● **Daffodil International University**
- 2021

● HSC

● **Shibalaya Sadaruddin Degree College**
- 2019

● SSC

● **Shibalaya Govt. High School**

PROJECTS

Flutter Packages/Plugins

- 🔗 <https://pub.dev/publishers/alfuad.me/packages>
- A collection of Flutter packages/plugins
- Securely - A Plugin for Application Security
 - EasyBottomNav - A Package of Bottom Navigation

E Commerce Apps

- 🔗 <https://github.com/Al-Fuad/E-commerce>
- E-commerce applications designed for online shopping experiences
- Developed an E Commerce App using Flutter with GetX and Clean Architecture/MVC

WhatsApp Clone

- 🔗 https://github.com/Al-Fuad/whatsapp_clone_with_flutter
- A clone of WhatsApp UI
- Developed a WhatsApp clone with Flutter and GetX

Service Marketplace Apps

- Multiple platform for service providers and consumers to connect
- Developed a Service Marketplace App using Flutter with BLoC and Clean Architecture

ERP App

- An ERP application for managing enterprise resources
- Developed an ERP App with Flutter, utilizing GetX and MVC

Image Enhancement App

- Application aimed at enhance old images
- Developed an Image Recovery App using Flutter with BLoC and Clean Architecture
